

Student:	Suhaib Ahmad	Interviewer:	Ghaida Al Momani	Date:	6/4/2022	Start time:	1:15	End time:	1:45
Challenge given:	Duck Duck Goose								
Section points	Earned	Possible	<i>Please provide professional, polite, direct, honest feedback to the individual you are interviewing:</i>						
10		10	Interpreted the Question			Notes (ctrl-enter for newline):			
	2	2	Asked meaningful clarifying questions						
	2	2	Identified inputs and outputs						
	2	2	Visually illustrated the problem domain						
	4	4	Identified optimal data structure and/or algorithm						
12		12	Solved the technical problem			Notes:			
	4	4	Presented & understood a working algorithm						
	3	3	Final code was syntactically correct						
	3	3	Final code was idiomatically correct						
	2	2	Solution was the best possible option						
6		6	Analyzed the proposed solution			Notes:			
	2	2	Stepped through their solution						
	2	2	Big O time and space are analyzed						
	2	2	Explain an approach to testing						
12		12	Communicated effectively throughout			Notes:			
	6	6	Verbalized their thought process			Suhaib did a really good work in the interview, but I believe he should put more effort in the pseudo code			
	2	2	Used correct terminology						
	1	1	Used the time available effectively						
	1	1	Was not overconfident (not listening to suggestions)						
	1	1	Was not under-confident (unsure of known algorithm)						
	1	1	Whiteboard was readable (penmanship and spacing)						
40		40	Total (80% = 32 / 40. <i>Giving up is an automatic fail</i>)			Notes:
